

# Leaf Man Project

Dear 2<sup>nd</sup> Grade Family,

We have just finished reading the story *Leaf Man*, by Lois Ehlert in class. Now, I would like the students to create their own Leaf People and Animals. Please have your student fill this bag with a variety of leaves, sticks, acorns, and any other fall nature items which they can use to create their own leaf creations. Please return this bag filled by Friday, November 11. I look forward to starting these fun projects!
